MOHAMED WASSIM ABOUDA

DIGITAL DELIVERY & SOFTWARE ENGINEERING

Doha, Qatar | +974 5070 6084 | med.wassim.abouda@gmail.com | LinkedIn | Portfolio

PROFESSIONAL SUMMARY

Computer Engineer with approximately four years of combined experience across IT project coordination, business analysis, QA/UAT and application engineering. Connects stakeholder requirements with technical execution, practical documentation, functional validation and reliable delivery.

CORE SKILLS

Project coordination • Stakeholder and vendor follow-up • BRD / functional requirements • User stories • Acceptance criteria • Jira • UAT • Defect triage • React / Next.js • Node.js • REST APIs • SQL • Azure • Git

PROFESSIONAL EXPERIENCE

Mergers United | Doha, Qatar — Jun 2024 – Jul 2026

IT Project Coordinator / Technical Supervisor

- Coordinated technical delivery for a GCC digital marketplace, maintaining milestone follow-ups, user-workflow decisions, vendor actions and stakeholder communications.
- Documented requirements and acceptance criteria; supported functional QA, UAT, Jira issue triage, fix verification and release/handover documentation.

Satoricom Services | Doha, Qatar — Sep 2023 – Jun 2024

General Manager / Co-Founder

- Managed digital-service requests, client and supplier coordination, website/internal tool follow-ups and delivery handovers.
- Supported a corporate website and internal CRM, incorporating client feedback into functional checks, documentation and user handover.

Avenues Dental Center | Doha, Qatar — May 2023 – Sep 2023

Software Engineer

- Investigated web/application issues, documented change requests and supported technical resolution and user communication.

Arsela Technologies | Sousse, Tunisia — Nov 2022 – May 2023

Frontend Software Engineer

- Developed React and Next.js user interfaces, integrated REST APIs and supported debugging, functional testing and Agile delivery.
- Worked with development colleagues on UI fixes, form validation, API behavior and release-related testing.

SELECTED PROJECTS

Qatesty — end-to-end web application; authentication/API troubleshooting, testing and deployment. Live project

Prestige TN — end-to-end delivered fashion/e-commerce website. Live project
